

ACTIVITY 3E: ABNORMAL BONE REMODELING **STUDENT HANDOUT**

Compare and Contrast Healthy Bone Remodeling with Abnormal Bone Remodeling

Use your “Bone Remodeling Wheels” to compare and contrast the differences that occur during the phase events in normal and abnormal bone remodeling. Place the normal events in the center Venn diagram. Place the events from Wheel A in the circle at the left, and the events from Wheel B in the circle to the right.

ACTIVITY 3E: COMPARE AND CONTRAST

Abnormal Bone Remodeling "A" Normal Bone Remodeling Abnormal Bone Remodeling "B"

KEY: Activation phase ACT
 Resorption phase RES
 Reversal phase REV
 Formation phase FOR
 Quiescence phase QUI
