

## Group Task Cards – Copy one set per group (laminates for reuse)

### MEASURE MASTERS

1. Everyone in the group who is not using the *pom-pom shooter*
2. Stand along the walkway to measure the Pom-Poms as they are shot from the *pom-pom shooter*
3. Record the distance traveled by the *pom-pom* on the *Student Data Page* for the person using the *pom-pom shooter*

### POM-POM SHOOTER (THE PERSON)

1. Follow all directions on the *Station Instruction Card*
2. Be sure to use a consistent procedure so results from each station can be compared – this is where you control variables!

### MATERIALS MASTER

1. Gather all materials needed at the station
2. Make sure the station is clean and organized before your group moves to the next station
3. Make sure the mouth-pieces are cleaned with alcohol and dried before leaving the station

### READER

1. Reads the instructions included on the *Station Instruction Card*
2. Go over the instructions with the group and make sure each person knows his or her job
3. Make sure each member of the group has the data recorded on his or her *Student Data Page* before leaving the station.
4. Report group data to class and record it on the *Class Data Table*.
